Overview of Early Childhood Mental Health

Friday, September 16th, 2011

10 AM - 3 PM

This workshop will focus on the unique aspects of early childhood mental health. Developmental and social emotional concerns of children ages 0-5 will be discussed and the implications for assessment and treatment of this age group will be presented. Parent-child relationships and attachment will also be presented as it relates to treating young children with mental health concerns.

REGISTRATION FORM: (Registration deadline: Friday, September 9th, 2011)

Name: _____

Title: _____

Agency: _____

Address: _____

City, State, Zip: _____

Phone: _____

Fax: _____

Email Address: _____

Workshop Objectives:

- To be able to identify and use common pieces of specialized technology that increase accessibility
- To be able to identify common problems faced when a situation is not accessible
- To be able to name three common technologies that, when properly used, allow greater accessibility than is normally possible.
